A History of the English Language Albert Coll Baugh 1957

The American Yawp Joseph L. Locke 2019-01-22 "I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume II opens in the Gilded Age, before moving through the twentieth century as the country reckoned with economic crises, world wars, and social, cultural, and political upheaval at home. Bringing the narrative up to the present,The American Yawp enables students to ask their own questions about how the past informs the problems and opportunities we confront today.

Exotic Nations Renata Wasserman 2018-03-15 In this highly original and critically informed book, Renata R. Mautner Wasserman looks at how, during the first decades following political independence, writers in the United States and Brazil assimilated and subverted European images of an "exotic" New World to create new literatures that asserted cultural independence and defined national identity. Exotic Nations demonstrates that the language of exoticism thus became part of the New World’s interpretation of its own history and natural environment.

Understanding Business and Personal Law, Student Edition McGraw-Hill 1992-07-01

Entrepreneurs Bill Bolton 2000 We all know an entrepreneur when we see one. This ground-breaking book reviews more than a hundred entrepreneurs from all walks of life and backgrounds, and sets their stories within a rigorous analytical framework, in order to give a critical insight into:
* What entrepreneurs do and achieve
* How they go about it
* How they could be better supported
The key point though is whether there are more people "out there" with the potential to be successful entrepreneurs, and, if so, how they might be identified and fostered. This book opens up this subject using for the first time the themes of talent, temperament and technique, which, in the correct mix, produce outstanding entrepreneurs. Using the ideas presented, it should be possible to tap more effectively the well of entrepreneurial talent that the authors identify. The release of this entrepreneurial talent could transform the numerous programmes for promoting business start-up and growth. It is the missing ingredient in many of these initiatives. Entrepreneurs: Talent, Temperament, Technique is therefore ideal for both students and those with a non-academic background who have a keen interest in business start-up and growth. Case studies include: James Dyson, Charles Dunstone (CarPhone Warehouse), Ben and Jerry's Ice Cream, Brian Souter (Stagecoach), Archie Norman (Asda), Paul Sykes, Steve Jobs (Apple), Warren Buffet, David Rhodes (Filtronic), Ricardo Semler, Elliott Tepper (Betel), Julian Richer, Walt Disney, Cameron Mackintosh, Jeff Bezos (Amazon.com), Herb Kelleher (SouthWest Air), Bernie Ecclestone, Mark McCormack, John de Lorean, Mozart and Al Capone. Identifies the range of intrapreneurship and entrepreneurship segments Gives a framework to running successful entrepreneurship programmes or accessing your own capabilities Contains a readable introduction with valuable case studies for specialist entrepreneurship and SME courses

The Black Musician and the White City Amy Absher 2014-06-16 Amy Absher's The Black Musician and the White City tells the story of African American musicians in Chicago during the mid-twentieth century. While depicting the segregated city before World War II, Absher traces the migration of black musicians, both men and women and both classical and vernacular performers, from the American South to Chicago during the 1930s to 1950s. Absher's work diverges from existing studies in three ways: First, she takes the history beyond the study of jazz and blues by examining the significant role that classically trained black musicians played in building the Chicago South Side community. By acknowledging the presence and importance of classical musicians, Absher argues that black migrants in Chicago had diverse education and economic backgrounds but found common cause in the city's music community. Second, Absher brings numerous maps to the history, illustrating the relationship between Chicago's physical lines of segregation and the geography of black music in the city over the years. Third, Absher's use of archival sources is both extensive and original, drawing on manuscript and oral history collections at the Center for Black Music Research in Chicago, Columbia University, Rutgers's Institute of Jazz Studies, and Tulane's Hogan Jazz Archive. By approaching the Chicago black musical community from these previously untapped angles, Absher offers a history that goes beyond the retelling of the achievements of the famous musicians by discussing musicians as a group. In The Black Musician and the White City, black musicians are the leading actors, thinkers, organizers, and critics of their own story.

Ambrose Bierce is Missing Joe Nickell 2014-07-15 What constitutes historical truth is often subject to change. Through ingenious detection, the accepted wisdom of one generation may become the discredited legend of another -- or vice versa. In this wide- ranging study of historical investigation, former detective Joe Nickell allows the reader to look over his shoulder as he demonstrates the use of varied techniques in solving some of the world's most perplexing mysteries. All the major categories of historical mystery are here -- ancient riddles, biographical enigmas, hidden identity, "fakelore," questioned artifacts, suspect documents, lost texts, obscured sources, and scientific challenges. Each is then illustrated by a complete case from the author's own files. Nickell's investigation of the giant Nazca drawings in Peru, for example -- thought by some to provide proof of ancient extraterrestrial visitations - - uses innovative techniques to reveal a very different origin. Other cases concern the 1913 disappearance of writer and journalist Ambrose Bierce, the authenticity of the Shroud of Turin, the truth about the identity of John Demjanjuk ("Ivan the Terrible" to Polish death camp victims), the fate of a lost colonial American text, the authenticity of Abraham Lincoln's celebrated Buxby letter, and the apparent real-life model for a mysterious character in a novel by Nathaniel Hawthorne. In reaching his solutions, Nickell demonstrates a wide variety of investigative techniques -- chemical and instrumental analyses, physical experimentation, a "psychological autopsy," forensic identification, archival research, linguistic analysis, folklore study, and many others. His highly readable book will intrigue the scholar and the history buff no less than the mystery lover.

Twelve Years A Slave, Illustrated Edition Solomon Northup 2014-04-08 Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage before being freed. Twelve Years a Slave is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's Uncle Tom's Cabin, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.

The Ojibwa Dance Drum Thomas Vennum 2015-01-27 Hiding in a lake under lily pads after fleeing U.S. soldiers, a Dakota woman was given a vision over the course of four days instructing her to build a large drum and teaching her the songs that would bring peace and end the killing of her people. From the Dakota, the "big drum" spread throughout the Algonquian-speaking tribes to the Ojibwe, becoming the centerpiece of their religious ceremonies. This edition of "The Ojibwe Dance Drum, "originally created through the collaboration of Ojibwe drum maker and singer William Bineshii Baker Sr. and folklorist Thomas Vennum, has a new introduction by history professor Rick St. Germaine that discusses the research behind this book and updates readers on the recent history of the Ojibwe Drum Dance.

Education and Development in Colonial and Postcolonial Africa Damiano Matasci 2020-01-03 This open access edited volume offers an analysis of the entangled histories of education and development in twentieth-century Africa. It deals with the plurality of actors that competed and collaborated to formulate educational and developmental paradigms and projects: debating their utility and purpose, pondering their necessity and risk, and evaluating their intended and unintended consequences in colonial and postcolonial moments. Since the late nineteenth century, the "educability" of the native was the subject of several debates and experiments: numerous voices, arguments, and agendas emerged, involving multiple institutions and experts, governmental and non-governmental, religious and laic, operating from the corridors of international organizations to the towns and rural villages of Africa. This plurality of expressions of political, social, cultural, and economic imagination of education and development is at the core of this collective work.

Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

Interdisciplinary Public Health Reasoning and Epidemic Modelling: The Case of Black Death George Christakos 2006-09-24 This multidisciplinary reference takes the reader through all four major phases of interdisciplinary inquiry: adequate conceptualization, rigorous formulation, substantive interpretation, and innovative implementation. The text introduces a novel synthetic paradigm of public health reasoning and epidemic modelling, and implements it with a study of the infamous 14th century AD Black Death disaster that killed at least one-fourth of the European population.

Handbook of Governmental Accounting Frederic Bogui 2008-12-19 Demystifying a growing and dynamic field, Handbook of Governmental Accounting reflects the increasing complexity of this area, enabling readers to grasp the intricate accounting that is involved as government expenditures multiply and governments engage in progressively complex transactions. Drawing on the expertise of a distinguished group of contributors, the book begins with a discussion of the growth of generally accepted accounting principles (GAAP), providing a historical perspective which highlights the greater levels of accountability in government finance. It covers governmental funds, proprietary funds, and fiduciary funds. It also reviews governmental financial reporting and examines the process of auditing governmental entities. While the majority of the chapters relate to state and local governments in the United States, the book also provides insight into federal accounting and international public sector accounting standards. Presenting numerous useful charts and sample budget outlines, this book provides concrete guidance in an area that has increased in complexity as governmental accountability takes on a heightened priority.

Capitalist Patriarchy and the Case for Socialist Feminism Zillah R. Eisenstein 2019-06-01 Fourteen provocative papers on the oppression of women in capitalist countries, along with three articles on the subordinate position of women in two communist countries, Cuba and China. These important, often path-breaking articles are arranged in five basic sections, the titles of which indicate the broad range of issues being considered: Introduction; motherhood, reproduction, and male supremacy; socialist feminist historical analysis; patriarchy in revolutionary society; socialist feminism in the United States. The underlying thrust of the book is toward integrating the central ideas of radical feminist thought with those pivotal for Marxist or socialist class analysis.

The Finger of God Robert R. Edgar 2018-05-24 On the morning of May 24, 1921, a force of eight hundred white policemen and soldiers confronted an African prophet, Enoch Mgjijima, and some three thousand of his followers. Called the Israelites, they refused to leave their holy village of Ntabelanga, where they had been gathering since early 1919 to await the end of the world. While the Israelites maintained they were there to pray and worship in peace, the white authorities viewed them as illegally squatting on land that was not theirs. After many months of fruitless negotiations, the South African government sent an armed force to Bulhoek, a village in the Eastern Cape, to expel them. In the event that has come to be known as the Bulhoek massacre, police armed with rifles, machine guns, and cannons killed nearly two hundred Israelites wielding knobkerries, swords, and spears. In The Finger of God, Robert Edgar reveals how and why the Bulhoek massacre occurred. Edgar asks: Why did Mjijima prophesize that the end of the world was imminent, and why did he summon his followers to Ntabelanga? Why did the South African government regard the Israelite encampment as a threat? Examining this clash between a government and a millenial movement, Edgar considers the Bulhoek massacre both as a signal event in South African history and as an example of similar conflicts worldwide.

After Abel and Other Stories Michal Lemberger 2015-03-16 “Her knowledge of the Bible is evident and her creativity shines through as she weaves nine thoughtful and layered accounts of distant, complicated times.” —Publisher’s Weekly “Reminiscent of Anita Diamant’s The Red Tent. . . . These beautifully written stories feel like meeting Eve, Lot’s wife, and many other compelling characters for the first time.” —LAUREL CORONA, author of The Mapmaker’s Daughter and The Four Seasons: A Novel of Vivaldi’s Venice “Stunning.” —MOLLY ANTPOPL, author of The UnAmericans “Gorgeous and captivating.” —DARA HORN, author of A Guide for the Perplexed and The World to Come “Marvelous.” —MICHELLE HUNEVEN, author of Off Course and Blame “What struck me most about these stories is their clear, assured confidence—as if Michal Lemberger had pulled apart some of the lines in the old story, spied a new story tucked there in way off in a corner, shimmed in a fishhook and pulled it out.” —AIMEE BENDER, author of The Color Master and The Particular Sadness of Lemon Cake “Lemberger liberates the voices that

are trapped beneath the [biblical] text . . . with artistry and erudition.” —RABBI DAVID WOLPE, Rabbi of Sinai Temple, Los Angeles and author of *Why Faith Matters* Eve considers motherhood. Miriam tends Moses. Lot's wife looks back. Vividly reimagined with startling contemporary clarity, Michal Lemberger's debut collection of short stories gives voice to silent, oft-marginalized biblical women: their ambitions, their love for their children, their values, their tremendous struggles and challenges. Informed by Lemberger's deep knowledge of the Bible, each of these nine stories story recasts a biblical saga from the perspective of a pivotal woman. Michal Lemberger's nonfiction and journalism have appeared in *Slate*, *Salon*, *Tablet*, and other publications, and her poetry has been published in a number of print and online journals. A story from *After Abel*, her first collection of fiction, was featured in *Lilith Magazine*. Lemberger holds an MA and PhD in English from UCLA and a BA in English and religion from Barnard College. She has taught the Hebrew Bible as Literature at UCLA and the American Jewish University. She was born and raised in New York and now lives in Los Angeles with her husband and two daughters.

Technics and Civilization Lewis Mumford 2010-10-30 Technics and Civilization first presented its compelling history of the machine and critical study of its effects on civilization in 1934—before television, the personal computer, and the Internet even appeared on our periphery. Drawing upon art, science, philosophy, and the history of culture, Lewis Mumford explained the origin of the machine age and traced its social results, asserting that the development of modern technology had its roots in the Middle Ages rather than the Industrial Revolution. Mumford sagely argued that it was the moral, economic, and political choices we made, not the machines that we used, that determined our then industrially driven economy. Equal parts powerful history and polemic criticism, *Technics and Civilization* was the first comprehensive attempt in English to portray the development of the machine age over the last thousand years—and to predict the pull the technological still holds over us today. “The questions posed in the first paragraph of *Technics and Civilization* still deserve our attention, nearly three quarters of a century after they were written.”—*Journal of Technology and Culture*

[The Ultimate Marketing Plan](#) Dan S. Kennedy 2000 Marketing starts with putting together the best, most promotable message possible that truthfully represents the 'goods' you have, and that message has to highlight a 'USP'—a unique selling proposition.
